

BBE District Testing Schedule 2024-2025

MN State Assessments Information

BBE Schools expects all students to maintain test security, keep all test content secure, and act with honesty and integrity during test administrations. This includes, but is not limited to, not accepting help finding answers on test questions, not giving other students answers, and not telling others what is on the test. There may be consequences if students do not follow directions or if they behave dishonestly.

Below is a [link to a Test Security Tip line](#) available on the MDE website, so that any suspected incidents of cheating or other improper or unethical behavior on statewide assessments can be reported to MDE.
