

# TEACHER APPRENTICES NEEDED!

Teacher Apprenticeship with SOTA is a great chance for you to “learn while you earn.” In this 3-year program, you’ll earn a Bachelor’s degree from SMSU and teaching licenses in Elementary Education and Academic Behavioral Strategist.

## BENEFITS:

**Job Embedded Learning:** Gain hands-on experience while working under the mentorship of seasoned teachers, allowing you to learn, practice, and demonstrate essential teaching skills directly in the classroom.

**Financial Sustainability:** With little to no out-of-pocket tuition costs, you can focus on your education and professional development without the stress of student debt.

**Comprehensive Support:** Receive guidance and support from experienced Journeyworkers and university faculty, ensuring you have the resources needed to succeed.

**Increased Preparedness:** Join the ranks of 92% of graduates who feel better equipped to handle the challenges of their first teaching role compared to traditional pathways.

**Career Advancement:** Transition from a high school graduate to a licensed elementary and special education teacher, expanding your career opportunities and making a significant difference in students’ lives.

## QUALIFICATIONS:

High School Diploma

## REQUIREMENTS:

- Commitment to 3-Year Program
- 7-hour workdays year round
- Completion of assigned job-embedded learning opportunities and related technical instruction
