

**Belgrade-Brooten-Elrosa Jaguars**  
**Extra Curricular Activities**

**Multi-Sport Contract**

**Athlete and Parent Expectations:**

- I understand that by participating in an additional activity other than the one I am currently participating in I will be expected to do more.
- Communication with both coaches is an absolute must!
- I may be asked to go above and beyond and this may result in me sacrificing my own personal time.
- My academics cannot be pushed aside. They are still my number one priority.
- I must pick a primary and secondary sport.
  - This means if there is a contest scheduled or one that gets rescheduled which puts both activities on the same day I must attend my primary activity.
- My coach has ultimate discretion of my playing time.
- I am held to the same accountability as each one of my teammates. Meaning “not to attend” is not an option.
- It is my responsibility to check in with each one of my coaches if I have any questions or if the schedule changes.

**Student athlete in grades 7 to 12 for the school year wishing to participate in two sports:**
